## Maine Down Syndrome Network

is a network of families, professionals, and community members living in the state of Maine, who share the common goal of promoting awareness and acceptance of people with Down syndrome. We offer support, education and advocacy to our members, and to our communities.

The United Nations General Assembly has declared March 21 as World Down Syndrome Day and invites all Member States, international organizations, including those in the private sector to observe World Down Syndrome Day in an appropriate manner in order to raise public awareness of Down Syndrome.
